## BOYD'S PLACE TO SHERMAN

**SPRINGFIELD, III.**, Sept. 13.—The Illinois conference of the Methodist Episcopal church drew the color line here today by refusing to adopt a resolution petitioning the general conference to appoint a negro bishop to represent the colored membership of the church in the south.

The intent of the resolution was shielded by the phrase "A bishop of all languages and races," but its meaning was made clear in the storm of discussion which followed. It was defeated by a vote of 114 to 41. Dr. W. J. Davidson, of Evanston, one of the strongest opponents of the resolution declared a commission appointed by the last general conference of which he was a member to investigate the need for a negro bishop did not favor the idea.

## CONFEREES TO MEET AGAIN WEDNESDAY

WILL CONSIDER FURTHER STEPS TO RESTORE PEACE IN MEXICO

Lansing Announces Call for Meeting After Conference With President—Some of the Diplomats Favor Carranza's Counter Proposal.

Washington, Sept. 13.—Further steps in the Pan-American effort to restore peace in Mexico will be considered at a third meeting Wednesday of Secretary Lansing and the six Latin-American diplomats participating in the movement. Mr. Lansing announced the call for the meeting today after a conference with President Wilson. Before the conferees will be favorable responses from Generals Villa and Zapata and principal leaders allied with them to the appeal for a peace convention on neutralized Mexican territory to set up a provisional government. From General Carranza they will have a reply rejecting the convention proposal and asking that the conferees or their representatives meet him at some point on the border to consider international phases on the Mexican situation, his claims for recognition by the American governments and his ability to protect foreign interest and adjust international problems.

Careful consideration will be given to the Carranza counter proposition and it is known that some of the diplomats favor accepting it. This probably won't mean postponement for the present at least of consideration of plans for peace conference in which the Villa and Zapata elements are willing and anxious to participate.

Since the last meeting of the conferees Carranza forces under Obregon have swept northward and are now threatening Villa at Torreon, giving weight to Carranza's assertion that he is about to crush all opposition to his government. On the other hand, however, the Villa representatives insist that their losses have been greatly exaggerated and that Carranza is making a desperate demonstration in the north to impress the outside world.

Peace Officers Seize Arms.

State peace officers searching American houses in the vicinity of the ranch seized two wagon loads of arms after the fight but there was nothing to connect any American directly with the fight. In addition to the arms seized they found many old fashioned firearms in the possession of the Mexicans. These were destroyed.

General E. P. Nafarrate, at Matamoros, Mexico, in response to Col. Edward F. Anderson's request for the arrest of Luis De la Rosa and Anteito Pizano, sent word tonight that he was searching for them.

These two Mexicans were alleged to be signers of the most recent circulars distributed in this section calling upon Mexicans to kill Americans.

Nafarrate today ordered Lieutenant Colonel Velasquez of his forces to report on the actions of his troops at Cabazos Crossing, where Americans and Mexicans had a fight across the river a week ago.

Five Mexicans Are Arrested.

Five Mexicans living at the ranch house where the fight occurred today were arrested on suspicion and taken to San Benito. One of them, several days ago, it is alleged, told one of the third cavalry officers that he intended to kill one of that officer's men. During the fight today this same Mexican walked a hundred yards through the bullet zone to carry a bucket of water to Kraft before the latter died. Whether this action was bravery or a scheme to throw off suspicion army officers do not know.

Reports came tonight that Mexicans had been seen crossing the Rio Grande a short distance below Brownsville today and a cavalry troop was sent to investigate.

Colonel Robert L. Bullard at Harlingen, received a report tonight of the shooting today at a rural mail carrier near Edinburg, Tex.

Several shots were fired at him from ambush. The postman abandoned his mail wagon and ran to cover. Army patrols have been sent to the vicinity.

## PEACE OFFICERS SEIZE ARMS

BROWNSVILLE, Texas, Sept. 13.—One American soldier lost his life in a carefully planned attack by Mexicans early today on an outfit of "A" troop, third cavalry, near Santa Maria, Tex. As a result American troops in the lower Rio Grande valley were held in readiness for instant action tonight.

Private Anthony Kraft of Detroit, Mich., was shot through the head and died before the fight was over, and Trumpeter Harold T. Forney of Watertown, N. Y., was shot through the abdomen and is probably fatally wounded. Sergeant James J. Walsh commanding the cavalry detachment, was slightly wounded.

Although surprised and surrounded, the ten troopers made a determined defense and successfully repelled three times their number.

## BLOCKSMON DASHES TO SCENE

Col. A. P. Blocksmon at Fort Brown, made a dash in an automobile to the scene of the fight today, calling out patrols and placing officers to search the vicinity. He also made vigorous demands on the Carranza authorities for the arrest of two known bandit ring leaders on the Mexican side of the river.

The ten Americans who participated in the skirmish were members of Troop A, third cavalry.

## MEXICANS OPEN FIRE.

The camp where the fight occurred was in the grove about a shed in a ranch corral. The American detachment slept in the shed and under the ebony trees beside it. Before the men had been awakened near daybreak one of the soldiers who was starting the breakfast fire, saw less than 100 yards away, outside of the corral fence, a man on top of a straw stack and five others on the ground nearby. He shouted a warning. Sergeant Walsh awakened the command and as the men reached for their rifles the Mexicans opened fire.

"You have here in the states very large surpluses of food stuffs and other material which you want to export."

"We are not in a position to make a statement at the present time," Lord Reading said, "because we are studying the conditions in New York and elsewhere in relation to American exchange on London and Paris. We have received a very considerable number of persons, prominent bankers and other gentlemen who are interested in the stability of exchange."

"The one thing that is very striking about it is that everybody is agreed as one would expect in the great importance to be attributed to regulating the exchange so as to provide more stable conditions."

"The sudden and considerable drop in the exchange disturbs and must disturb commercial relations between the countries, the United States and Great Britain and France, in as much as it makes it so difficult to see ahead what rate of exchange will be; and moreover naturally it makes such a material difference in the prices to be received by the American and the prices to be paid by the Englishman and Frenchman."

"There is a consensus of opinion that it is imminently desirable that some step be made by which stability of this exchange can be secured."

##### Mrs. Denby Celebrates Birthday

Thursday, Sept. 16, 1822 was the birthday of a little daughter born to Mr. and Mrs. Alexander Wells, residing at that time on a farm two miles east of Winchester, Scott county. This baby named Mary J. Wells, became in after years the wife of the late Thomas Denby and is at this time still living on the Denby homestead west of Jacksonville, where she is cared for by her daughter, Mrs. George Ranson. Mrs. Denby though 92 years of age, is in possession of all of her faculties with the exception of sight. The day will be observed in a quiet manner with her immediate family.

##### S. S. Class Has Outing at Park.

It is true that people are not saying a great deal about the coming election, but nevertheless there are evidences of a growing realization of how foolish it would be for Jacksonville to change its form of government at this time. There are many people who did not vote for the present officials who nevertheless realize that a change would be expensive for Jacksonville and would give the city the reputation of having a vacillating body of citizens who did not know from month to month just what kind of government they prefer. There are others, too, who did not vote for all of the present officials who have that common American desire to see fair play and they do not wish to be in the position of condemning a set of officials and voting for their recall before those officials have had any real opportunity to show what they can accomplish.

It is a somewhat hackneyed statement but none the less worthy of repetition—if we are going to change back to the aldermanic form, let it be after a further trial of the commission form and where there is some genuine cause for finding fault or being dissatisfied with those who have been serving as mayor and commissioners.

#### The Philippines Also.

That President Wilson's policy will reap the whirlwind in the Philippines is the solemn warning of ex-President Taft, Republican though he be. Judge Taft has loyally upheld the hands of President Wilson whenever he conscientiously could and has even plagued some of his more partisan Republican friends by his praise of the present occupant of the White House. But regarding the Philippines Mr. Taft speaks on the subject doubtless nearest his heart and of which he is most competent to speak, and his denunciation of Governor-General Harrison, of the extent to which this administration is corrupting the Philippine civil service and setting a bad example to the people we have undertaken to train in the art of self-government should not fall on deaf ears. Mr. Taft warns the people of the United States that the administration is creating another Mexican situation.

The Philippines are so far away that only those especially competent to judge of conditions there, or who have special advantages in obtaining information, are likely to know the facts unless, and until there is some violent outbreak, but retribution will await the administration which deliberately, or at least indifferently, creates in our far-off dependency the same anarchy which prevails in Mexico.

#### WOMEN IN THE NEWS.

North Yakima, Wash.—Like Alexander of Macedonia, Miss Margaret (Peggy) Mulrooney, former woman banker of Alaska, and now a successful applegrower of North Yakima, sighs for more worlds to conquer. When she was nineteen, she returned from boarding school in Paris, and with her sister, the present Countess Carboneau, went into the frozen north. Their adaptability and prowess in discovering "pay streaks" amazed the northwest. In Alaska they started a bank, with the older sister as president, while Miss Peggy became cashier. The bank was at Dome Creek, the center of the gold country. The miners brought their "pokes" of gold dust to the bank, where Miss Peggy took charge of it. Handsome commissions were paid and the bank flourished. During the Arctic winter, the girls loaned money like other bankers. "It sure was easy money," says the beautiful Peggy Mulrooney. When the girls had made their "pile" they bought an apple orchard here. With her elder sister now married, Miss Peggy is getting restless for another venture, and plans to go to South Africa.

San Francisco—Beginning today, and lasting until Thursday night, a round of receptions and other social functions are being held at the big Exposition in honor of the officers of the Daughters of the American Revolution. Mrs. William Cumming-Stor, president general, will preside at the exercises to be held this afternoon in the Grand Canyon of Arizona building, the headquarters of the society. Mrs. Story will receive a bronze medal. At 7 p.m. tonight there will be an informal reception.

St. Louis, Mo.—Mrs. Samuel Braden is the woman of "perfect profile," according to the decision of the judges at the San Francisco fair. Her portrait was selected from those sent from all sections of the United States. She modestly declares she is no beauty, but is a strikingly handsome woman of the auburn-haired, fair-skinned type. She is an expert swimmer, drives her own auto, and has taken golf championships. Before her mar-

riage, she was Miss Rachel Wilson, of Winfield, Kansas.

#### MEXICANIZING JACKSONVILLE.

It was suggested by one of the speakers at the Court House meeting last Friday night that for this city to change a system of government which has been in force only about four years (not sufficient time to demonstrate its success or failure), and to oust from office a set of excellent officials, with good records, whom it had chosen only about five months before—would be to work a revolution more discreditable to a city with the culture and citizenship of Jacksonville than the revolutions and bloodshed in Mexico have been to that distracted country. All this is true. Aside from any question of theories of government, for this city to turn out of office men just elected who have done no wrong, would be as infamous and disgraceful an injustice as it would be for a Mexican bandit to stand his enemies up against a wall and shoot them, or for an Apache to kill and scalp them and execute a war dance around their bodies.

And who is the Villa, the most rebellious fighter, of this revolution? We all know that he is the learned gentleman who says that he was "dry-picked" by the board of Education (and especially by our mayor) and that the process of plucking his pen-feathers hurt his feelings as well as his cuticle. In consequence, he hopes to stand the mayor up against the wall of the City Hall and shoot out his official life by means of paper bullets—shot by the deluded citizens of Jacksonville.

Fellow citizens, will you allow your ballots to be used as bullets in that kind of guerrilla warfare? Answer at the ballot box on September 21st, according to your conscience, as you would be done by.

This view of the case applies with added force to those who voted for any of the present city officials at the last election, (when they were chosen for a term of four years). Such persons, in particular, should be held morally, if not legally, estopped from voting to turn them out of office without trial. Such a course is not in accordance with Anglo-Saxon ideas of justice and fair play.

It was mailed in Germany, August 13 and received Monday, September 13.

**SCHOOL CASE GOES OVER  
TO NOVEMBER TERM**

Demurrer Filed by Supt. Collins' Attorneys Raises Legal Point of Propriety of Two Warrants Proceedings Involving Superintendent Whose Office is Created by Board.

The quo warranto proceedings brought in the circuit court asking that Charles E. Collins show by what authority he is serving as superintendent of schools were called for hearing before Judge Burton Monday afternoon. After considerable argument before the court the case went over to the November term. Supt. Collins was represented by Judge M. T. Layman and John M. Butler, and W. N. Hairgrove appeared on behalf of the relators in the proceeding.

The point on which the case goes over to the November term was raised by Judge Layman and involved the question as to whether the superintendent of schools is an officer or an employee. Judge Layman contended that the position of superintendent of schools as created in Jacksonville, is a matter of employment by the board of education and that it is not an office within the meaning of the law which would make it properly subject to quo warranto proceedings. Upon this point Mr. Hairgrove expressed a desire to look up authorities and filing a brief and it was to permit that action was deferred. It is now only about seven weeks until the November term and Judge Burton stated it would be impossible to have any further hearing at this term.

Soon after court convened the attorneys for Mr. Collins filed a demurrer to the declaration in the case and Mr. Butler is arguing for the demurrer maintained that it was necessary that the substance of the act that created the position of superintendent of schools in the city be filed in order to make the information sufficient.

This point was argued quite extensively and then the court sustained the demurrer and Mr. Hairgrove was given the opportunity of filing the amended declaration. When he had done so, Judge Layman offered a demurrer attacking the validity of the whole quo warranto proceeding on the point already mentioned; namely, that the position of superintendent of schools in Jacksonville is not an office within the meaning of the statute. Considerable interest attaches to the proceeding but it is admitted that the result will only be to define who was "right" and who was "wrong" from a legal standpoint in the action taken by the board of education May 3, for no one questions but that Mr. Collins is now the legally elected superintendent of schools as he was appointed to that position at a meeting subsequent to May 3, when all the members of the board and Mayor Rodgers were present.

**CITY AND COUNTY.**

Mr. and Mrs. Elmer McCullough and Mrs. James Guyer were Riggs visitors in Jacksonville yesterday.

Dr. F. M. Crabtree of White Hall was a professional caller in the city Monday.

Mr. and Mrs. Charles L. McDonald are expected to return home today after a visit with relatives and friends in Kansas City.

**MR. PARROTT VISITS OLD HOME.**

Herbert Parrott, formerly a resident of Jacksonville, and who has for several years been in business in Denison, Tex., is making a brief visit in Jacksonville and is accompanied by his wife and daughter. Mr. Parrott, after leaving Jacksonville was in business in Macomb for a time but for eight years past has been conducting a music store at Denison. In talking about his home county yesterday Mr. Parrott said that a great deal of interest has been manifested there in hard roads and that sixteen miles adjoining the city have already been constructed. Recently the county voted a bond issue of \$900,000 for hard road construction and it is estimated that this sum will be sufficient for building two hundred and thirty-five miles of macadam roads. The main highways of the county will be paved in this way, and later on it is the expectation that laterals will be constructed, so that eventually practically the whole county will be accessible to hard roads.

**FUNERAL NOTICE.**

The funeral of Mrs. Nancy Jane Craig will be held this morning at 10 o'clock from the Christian church of Concord, in charge of Rev. Mr. Agee. Burial will be made in Arcadia cemetery.

**TAKING VACATION.**

## ISAAC WATSON HOST TO MANY FRIENDS SUNDAY

One Hundred and Seventy People Gathered at His Home to Enjoy Burgoon Soup.

Whenever one man can do anything a little better than somebody else and keeps it to himself he doesn't amount to much, but when he exploits it for the benefit of his friends and neighbors he becomes a public benefactor and a man with a heart throb which is felt among a large circle of people.

For several years Isaac Watson, who resides about six miles south of town, has made old English burgoon soup for picnics and parties and has satisfied thousands as no other man in Morgan county could have satisfied them. For several years "Uncle Ike," as he is familiarly known among his friends and relatives has held open house for the entire neighborhood and one of these events Sunday was the best yet recorded.

Sometime during the night before, Mr. Watson started the fire under his famous soup kettle and from then on the recipe that only he knows, boiled and simmered and simmered and boiled until the proper consistency was reached, a consistency which has never failed to please the most particular palate. No one will try to give the recipe as "Uncle Ike" uses it, but suffice it to say that squirrels, young rabbits, turtle doves and pigeons, chickens and all meat of the farm goes into the mixture.

At a very early hour on Sunday morning buggies and autos began rolling up to the Watson homestead.

It reminded one very much of the old meetings of the south. The Ransoms, Coulisses and Meggisons came in from the Lynville and Winchster districts; the Hembroughs drove in from the East Prairie and cars full of people came from long distances, and the table was served many times before those that were present were all satisfied. Along

about 3 o'clock in the afternoon the children and neighbors of Mr. Watson brought out waiters full of cake, cream and coffee and a most delightful afternoon was passed by visiting among old friends and games for the younger members. Sentiment was not entirely absent as was evidenced by the younger couples that hung over the wire fence and saaged the autos that stood in the lane.

The serving was done by the children of Mt. Watson's family assisted by the immediate neighbors: Charles Watson and family coming in from Sinclair; John Tayman and wife from Jacksonville; Ed Reynolds and wife from the Durbin neighborhood, and Len Watson and wife, who live on the farm adjoining that of Mr. Watson. Many were out from Jacksonville and over one hundred and seventy people thanked Mr. Watson for his generosity and kindness in inviting them to his home.

partial list of those present: Pat Wolfe and family, Cland Winter and family, John Cain and family, Ralph Reynolds and family, Pat Crotry and family, Albert Hembrugh and family, William Ehne, Frank Piepenbring and daughter, Stansfield Baldwin and lady friend, Abe Reid and family, Charles Taylor and family, Gottfried Tendick and family, John Gibbs and family, J. T. Ranson and family, Mrs. W. Brockman and daughter, Dick Butler and family, Sam Butler and family, Jess Butler and family, J. S. Butler and family, Porter Bell and family, John Casey and family, S. S. Meggison and family, Dr. Bradley and family, James Hitch and family, Rube Meggison and family, William Hembrugh, Charles Magill and mother, Lloyd Magill and family, Edgar Vasey and family, Thomas Reynolds and family, George Barnhart and family, John Lewis and family, Harry Tazwell and family, James Devore and family, Rex Ranson and wife, Matt Miller and family, Phil Bacon and family, Mrs. James, L. F. Boughman and family, Mrs. Thomas Young and family, Thomas Rapp, Dennis Rapp, Isaac Lazenby, Bob Meggison, Alex Ranson, Fred Hembrugh, M. Priest, George Ties and family, Joe Hellwell and family, Charles Rose, Tom H. Buckthorpe and family, R. R. Buckthorpe.

Mr. Watson might depart this life tomorrow but his memory and good will will be marked down for many years in the hearts of his friends and "Uncle Ike" will not soon be forgotten.

Mrs. Henry DeCastro, of 830 North prairie street, accompanied by her daughter, Mrs. R. B. East, of Chicago, and Mrs. Charles Eastlack, of New Sharon, Ia., and granddaughter, Ruth LaVon Eastlack, left Sunday for the Pacific coast to visit the exposition and spend some time with her daughter, Mrs. Sada Dredrick, of Los Angeles.

Miss Flora Garvin has returned to Roodhouse after a visit of three weeks with her aunt, Mrs. Donnelly, on Fast College avenue, and other friends.

## SEPTEMBER

O fair September, I are in your keeping, and clumber's well remember how death to care. To bed we mosey and sweet, in years there we're cozy as oyster in its gone by, did seem shell; we leave our couches, devoid your features to of grouchies, when sounds the break-weary creatures whom August tried to fry. Your coming teaches all human peaches, as well as human laves, there's compensation for tribulation in summer's burning days. For mornings golden we are beholden to you, sweet month and fair; great nights for sleeping.

## INCREASE SPACE FOR PARKING CARS PROPOSED

Plan Suggested Is to Move Central Park Curb and Concrete Surface—Work Would Not Be Expensive.

In a conversation recently Bernard Gause, suggested to Mayor Rodgers that in order to provide additional room for parking automobiles about the square that the curb might be moved back and the additional space concreted. On account of the street car track, only about half of the curbling space around the park is available for automobile parking and Mr. Gause's suggestion was that the beauty of the park would not be detracted from and that the additional space would be of great convenience and value to automobile owners. The number of cars used in the country is constantly increased and on some days, Saturdays especially, there is not enough space for the accommodation of all the visitors. The cost of this proposed improvement would not be great as Mr. Gause's thought that for not more than \$275 the curbing could be moved back and that the cost for concreting would be about \$1,200. If the fund, which is not excessive, can be secured the improvement would certainly be one which would be a matter of convenience for car owners and at the same time have the approval of merchants who are naturally interested in furnishing as many conveniences as possible to automobile visitors especially from the country.

**MEN WANTED IN**

**MURDER TRIAL.**

Chief of Police George P. Davis has received a request from the State's Attorney of Fulton county, Mo., to pick up Howard Brown, Zervie Wooley and Woody Wooley who are wanted for witnesses in a murder trial in Fulton, Mo. The defendant in the case is Henry Brown, father of Howard Brown. The defendant in June killed Alex Coyle with a club. So far as is known the trouble started over a crap game and Brown was, according to his testimony, attacked by Coyle and Zervie Wooley. He received a cut down the side of his face and neck with a pruning knife, which narrowly missed severing the jugular vein. Brown hit Coyle with a club. He claims self defense. An indictment was returned against him, however, charging murder.

The trial is set for Wednesday, Sept. 15. Chief Davis was able to locate Howard, son of the defendant, and Woody Wooley. Zervie Wooley must have gotten wind of the matter and left town. The other two will go to Fulton to testify in the trial.

**MR. AND MRS. SHAW**

Marcus A. Hullett has received word of the arrival in this country from China of Rev. and Mrs. H. P. Shaw, known so well and favorably in this community. They have been for years missionaries in China and now it is Mr. Shaw's desire to fit himself for the practice of medicine that he may return and work among the people of China in their missionary hospitals and dispensaries.

It is his plan to enter a medical school and so that he may serve some church or parishes at the time and Mr. Hullett says it is possible that Antioch may be one of the congregations, or at least one half time. Mr. and Mrs. Shaw were in New York when Mr. Hullett heard from them and he thinks they will be here very soon and ready to begin work. It is needless to add that they will be most cordially welcomed by a host of friends who esteem them so highly.

**GET CONTRACT FOR FURNITURE**

Ballard & Johnson who have leased the new Plaza hotel were in the city Monday. While here they awarded the contract to Andre and Andre to equip the hotel with furniture, carpets for halls and stairways and shades. The bids as sent out by Mr. Vieira were taken over by Messrs. Ballard & Johnson and awarded on the specifications made by him. The contract is the largest of the kind ever awarded a Jacksonville firm and it is worthy of note that two local firms were the two lowest bidders.

The contract as awarded does not include the equipment for the office as that is being planned now. Messrs. Andre & Andre are to be congratulated on getting this order and it only proves that Jacksonville merchants offer better bargains than can be secured by sending to manufacturers or to other cities.

**BREAD ON THE WATERS.**

Some months ago a well known lady of this city fed a tramp as her heart kind often prompts her to do, often too against the better judgment of many persons to say the least.

A day or two since a scissors grinder appeared at her home and asked if she had any knives or scisscors to be sharpened. She said she had none and didn't care to be at the expense of grinding any that didn't need it.

"But I don't want anything for doing it."

"Why should you do my work for nothing?"

"Why don't you know me?"

"I have never seen you before."

"You certainly have."

"Well, I certainly don't remember it."

"I remember it very well; you fed me when I was hungry and I would like to do your work for nothing."

The lady was much pleased and thanked the man kindly for his gratitude and assured him she would be glad to have him do some work for her if she had any to be done and both felt better after the interview.

**WON IN MINNESOTA.**

R. Y. Gibson has received word from his son, Truman, that their cattle made a splendid showing at the Hamline, Minn. fair. Ten Jersey herds were entered, most of them selected from large herds owned by wealthy men such as Webster of Michigan, Slade, president of the Great Northwestern railroad; Batten of New Jersey, the big Elmhurst farm of Minnesota, the largest herd in the northwest; Brunlin of Wisconsin, and others so the competition was strong.

The Gibson herd won first on breeders' young herd, the hottest contest and largest money; first on produce of cow; second on get of sire; senior yearling heifer; a number of seconds on down the line to 5th place. They won premiers' breeders' award and reserve for junior championship.

They will show at Topeka, Kansas next week as they could not show at Springfield.

**AWARDED COAL CONTRACT.**

The Snyder Ice and Fuel company has been awarded the contract for furnishing coal for the court house, county jail and county farm. The contract calls for six inch lump coal.

## SEEK FACTS ABOUT EARLY ILLINOIS HISTORY

Centennial Commission Is Asking  
For Data From Residents of the  
State.

Senator E. S. Smith, President of the Centennial Commission, Mrs. Jessie Palmer Weber, Secretary of the Commission and Honorable William J. Butler, one of the members of the Commission, all residents of Springfield, are attempting to locate persons in possession of documentary or other information bearing upon the subject of early Illinois history. The material is wanted for use in preparing the Centennial History of the State, which is now in progress.

Illinois has taken another long stride in her knowledge of her past history. There has just appeared from the press the first volume in the British Series of the Illinois Historical Collections, under the significant title "The Critical Period, 1763-1765," and in it are revealed secrets of Illinois history of a hundred and fifty years ago.

The volume contains all the available documents relating to this epoch and is edited by Clarence Walworth Alford of the University of Illinois and Clarence Edwin Carter of Miami University. This step in the compilation of state history has been attained through successive legislative appropriations to State Historical Library for collecting documents relating to the Northwest.

Professor Alford was sent to Bellville in 1905 to collect some interesting manuscripts remaining from the French and British periods and the plea made by him in his report of his trip furnished the impetus for an organized, exhaustive search for material and for its arrangement with reference to character and chronology.

In 1911 the Illinois Historical Survey was established, with Professor Alford as its director. The scope of the work is so several years. They include the Centennial History of the State which is to appear in 1918. Professor Alford, the editor-in-chief, and the associate editors are now employed in compiling the material for this important work.

**SCHOOL CASE GOES OVER  
TO NOVEMBER TERM**

**Demurrer Filed by Supt. Collins' Attorneys Raises Legal Point of Propriety of Two Warrants Proceedings Involving Superintendent Whose Office is Created by Board.**

The quo warranto proceedings brought in the circuit court asking that Charles E. Collins show by what authority he is serving as superintendent of schools were called for hearing before Judge Burton Monday afternoon. After considerable argument before the court the case went over to the November term. Supt. Collins was represented by Judge M. T. Layman and John M. Butler, and W. N. Hairgrove appeared on behalf of the relators in the proceeding.

The point on which the case goes over to the November term was raised by Judge Layman and involved the question as to whether the superintendent of schools is an officer or an employee. Judge Layman contended that the position of superintendent of schools as created in Jacksonville, is a matter of employment by the board of education and that it is not an office within the meaning of the law which would make it properly subject to quo warranto proceedings. Upon this point Mr. Hairgrove expressed a desire to look up authorities and filing a brief and it was to permit this that action was deferred. It is now only about seven weeks until the November term and Judge Burton stated it would be impossible to have any further hearing at this term.

Soon after court convened the attorneys for Mr. Collins filed a demurrer to the declaration in the case and Mr. Butler is arguing for the demurrer maintained that it was necessary that the substance of the act that created the position of superintendent of schools in the city be filed in order to make the information sufficient.

This point was argued quite extensively and then the court sustained the demurrer and Mr. Hairgrove was given the opportunity of filing the amended declaration. When he had done so, Judge Layman offered a demurrer attacking the validity of the whole quo warranto proceeding on the point already mentioned; namely, that the position of superintendent of schools in Jacksonville is not an office within the meaning of the statute. Considerable interest attaches to the proceeding but it is admitted that the result will only be to define who was "right" and who was "wrong" from a legal standpoint in the action taken by the board of education May 3, for no one questions but that Mr. Collins is now the legally elected superintendent of schools as he was appointed to that position at a meeting subsequent to May 3, when all the members of the board and Mayor Rodgers were present.

No one will try to give the recipe as "Uncle Ike" uses it, but suffice it to say that squirrels, young rabbits, turtle doves and pigeons, chickens and all meat of the farm goes into the mixture.

At a very early hour on Sunday morning buggies and autos began rolling up to the Watson homestead.

It reminded one very much of the old meetings of the south. The Ransoms, Coullasses and Megginsons came in from the Lynnville and Winchester districts; the Hembroughs drove in from the East Prairie and cars full of people came from long distances, and the table was served many times before those that were present were all satisfied. Along

about 3 o'clock in the afternoon the children and neighbors of Mr. Watson brought out waiters full of cake, cream and coffee and a most delightful afternoon was passed by visiting among old friends and games for the younger members. Sentiment was not entirely absent as was evidenced by the younger couples that hung over the wire fence and sagged the autos that stood in the lane.

The serving was done by the children of Mt. Watson's family assisted by the immediate neighbors: Charles Watson and family coming in from Sinclair; John Tayman and wife from Jacksonville; Ed Reynolds and wife from the Durbin neighborhood, and Len Watson and wife, who live on the farm adjoining that of Mr. Watson. Many were out from Jacksonville and over one hundred and seventy people thanked Mr. Watson for his generosity and kindness in inviting them to his home.

Mr. Watson might depart this life tomorrow but his memory and good will will be marked down for many years in the hearts of his friends and "Uncle Ike" will not soon be forgotten.

Mrs. Henry DeCastro, of 830 North prairie street, accompanied by her daughter, Mrs. R. B. East, of Chicago, and Mrs. Charles Eastlack, of New Sharon, Ia., and granddaughter, Ruth LaVon Eastlack, left Sunday for the Pacific coast to visit the exposition and spend some time with her daughter, Mrs. Sada Dedrick, of Los Angeles.

Miss Flora Garvin has returned to Roodehouse after a visit of three weeks with her aunt, Mrs. Donnelly, on East College avenue, and other friends.

## SEPTEMBER

O fair September, I are in your keeping, and slumber well remember how death to care. To bed we mosey and sleep. In years we're cozy as oyster in its shell; we leave our couches, devoid of grouchiness, when sounds the breakfast bell. With hunger thrilling we start a filling ourselves with goodly freight; we eat our vitties, nor jets nor titles are left upon the plate. Our jobs we tackle with cheerful cackle, and work the long day through, no sluggish feeling our blood congealing or weighting bone and them. September pleases; her zipping breezes fill man with snap and vim; he quits intoning his dirges, drooping, and sings a joyous hymn,

INCREASE SPACE FOR  
PARKING CARS PROPOSEDPlan Suggested Is to Move Central  
Park Curb and Concrete Surface—  
Work Would Not Be Expensive.

In a conversation recently Bernard Gause, suggested to Mayor Rodgers that in order to provide additional room for parking automobiles about the square that the curb might be moved back and the additional space concreted. On account of the street car track, only about half of the curbing space around the park is available for automobile parking and Mr. Gause's suggestion was that the beauty of the park would not be detracted from and that the additional space would be of great convenience and value to automobile owners. The number of cars used in the country is constantly increased and on some days, Saturdays especially, there is not enough space for the accommodation of all the visitors. The cost of this proposed improvement would not be great and Mr. Gause estimates that for not more than \$275 the curbing could be moved back and that the cost for concreting would be about \$1,200. If the fund, which is not excessive, can be secured the improvement would certainly be one which would be a matter of convenience for car owners and at the same time have the approval of merchants who are naturally interested in furnishing as many conveniences as possible to automobile visitors especially from the country.

## MEN WANTED IN

MURDER TRIAL.

Chief of Police George P. Davis has received a request from the State's Attorney of Fulton county, Mo., to pick up Howard Brown, Zervie Wooley and Woody Wooley who are wanted for witnesses in a murder trial in Fulton, Mo. The defendant in the case is Henry Brown, father of Howard Brown.

The defendant in June killed Alex Coyle with a club. So far as is known the trouble started over a crap game and Brown was, according to his testimony, attacked by Coyle and Zervie Wooley. He received a cut down the side of his face and neck with a pruning knife, which narrowly missed severing the jugular vein. Brown hit Coyle with a club. He claims self defense. An indictment was returned against him, however, charging murder.

The trial is set for Wednesday, Sept. 15. Chief Davis was able to locate Howard, son of the defendant, and Woody Wooley. Zervie Wooley must have gotten wind of the matter and left town. The other two will go to Fulton to testify in the trial.

## MR. AND MRS. SHAW

BACK FROM CHINA

Marcus A. Hulett has received word of the arrival in this country from China of Rev. and Mrs. H. P. Shaw, known so well and favorably in this community. They have been for years missionaries in China and now it is Mr. Shaw's desire to fit himself for the practice of medicine that he may return and work among the people of China in their missionary hospitals and dispensaries.

It is his plan to enter a medical school and so that he may serve some church or churches at the same time and Mr. Hulett says it is possible that Antioch may be one of the congregations, or at least one half time. Mr. and Mrs. Shaw were in New York when Mr. Hulett heard from them and he thinks they will be here very soon and ready to begin work. It is needless to add that they will be most cordially welcomed by host of friends who esteem them so highly.

## GET CONTRACT FOR FURNITURE

Ballard & Johnson who have leased the new Plaza hotel were in the city Monday. While here they awarded the contract to Andre & Andre to equip the hotel with furniture, carpets for halls and stairways and shades. The bids as sent out by Mr. Vieira were taken over by Messrs. Andre & Andre and awarded on the specifications made by him. The contract is the largest of the kind ever awarded a Jacksonville firm and it is worthy of note that two local firms were the two lowest bidders. The contract as awarded does not include the equipment for the office as that is being planned now. Messrs. Andre & Andre are to be congratulated on getting this order and it only proves that Jacksonville merchants offer better bargains than can be secured by sending to mail order houses or to other cities.

## BREAD ON THE WATERS.

Some months ago a well known lady of this city fed a tramp as her kind heart often prompts her to do, often too against the better judgment of many persons to say the least.

A day or two since a scissors grinder appeared at her home and asked if she had any knives or scissors to be sharpened. She said she had none and didn't care to be at the expense of grinding any that didn't need it.

"But I don't want anything for doing it."

"Why should you do my work for nothing?"

"Why, don't you know me?"

"I have never seen you before."

"You certainly have."

"Well, I certainly don't remember it!"

"I remember it very well; you fed me when I was hungry and I would like to do your work for nothing."

The lady was much pleased and thanked the man kindly for his gratitude and assured him she would be glad to have him do some work for her if she had any to be done and both felt better after the interview.

## WIN IN MINNESOTA.

R. Y. Gibson has received word from his son, Truman, that their cattle made a splendid showing at the Hamline, Minn. fair. Ten Jersey herds were entered, most of them selected from large herds owned by wealthy men such as Webster of Michigan, Slade, president of the Great Northwestern railroad; Batten of New Jersey, the big Elmhurst farm of Minnesota, the largest herd in the northwest; Brunin of Wisconsin, and others so the competition was strong.

The Gibson herd won first on breeders' young herd, the hottest contest and largest money; first on produce of cow; second on get of sire; senior yearling heifer; number of seconds on down the line to 25th place. They won premiers' breeders' award and reserve for junior championship.

They will show at Topeka, Kansas next week as they could not show at Springfield.

## AWARDED COAL CONTRACT

The Snyder Ice and Fuel company has been awarded the contract for furnishing coal for the court house, county jail and county farm. The contract calls for six inch lump coal,

SEEK FACTS ABOUT EARLY  
ILLINOIS HISTORYCentennial Commission Is Asking  
For Data From Residents of the  
State.

Senator E. S. Smith, President of the Centennial Commission, Mrs. Jessie Palmer Weber, Secretary of the Commission and Honorable William J. Butler, one of the members of the Commission, all residents of Springfield, are attempting to locate men in possession of documentary or other information bearing upon the subject of early Illinois history. The material is wanted for use in preparing the Centennial History of the State, which is now in progress.

Illinois has taken another long stride in her knowledge of her past history. There has just appeared from the press the first volume in the British Series of the Illinois Historical Collections, under the significant title "The Critical Period, 1763-1765," and in it are revealed secrets of Illinois history of a hundred and fifty years ago.

The volume contains all the available documents relating to this epoch and is edited by Clarence Walworth Alvord of the University of Illinois and Clarence Edwin Carter of Miami University. This step in the compilation of state history has been attained through successive legislative appropriations to State Historical Library for collecting documents relating to the Northwest.

Professor Alvord was sent to Belleville in 1905 to collect some interesting manuscripts remaining from the French and British periods and the plea made by him in his report of his trip furnished the impetus for an organized, exhaustive search for material and for its arrangement with reference to character and chronology.

In 1911 the Illinois Historical Survey was established, with Professor Alvord as its director. The scope of the work is so several years. They include the Centennial History of the State which is to appear in 1918. Professor Alvord, the editor-in-chief, and the associate editors are now employed in compiling the material for this important work.

## BOSTON TAKES DOUBLE HEADER FROM CHICAGO

HOLDS SOX TO THREE HITS IN  
EACH GAME.

Red Sox Hit Scott at Critical  
moments in First Game—Darkness  
Stops Second Contest After Eight  
Innings.

Boston, Sept. 13.—The league  
leading Red Sox improved their position  
by winning both games of a double header from Chicago 2 to 1,  
and 4 to 1, today. Boston was favored by effective pitching, both Leonard  
and Shore holding the Chicagoans to 3 hits in each game.

In the first contest, Scott, who is  
usually successful against Boston  
was hit at critical moments.

Gardner's triple and Lewis' hit  
scored a run for the Red Sox in the  
fourth and Barry's scratch hit, Carrigan's force out on which the former  
was retired, Weaver's error on  
Leonards and Hoblitzel's doubles added  
the winning run in the seventh. Chicago  
got two of its three hits in the eighth when its only run was scored.

The second game was stopped after  
eight innings by darkness.

Faber only lasted a third of an  
inning in which Boston scored three  
runs. Chicago's lone run came in the  
first inning, the result of two hits  
and Thomas' error on Speaker's  
throw to the plate. Scores:

New York, Sept. 13.—Pitcher  
James of Detroit held New York to  
two scattered hits and the Yankees were  
shut out 2 to 0 today.

It was the sixth straight defeat  
suffered by the New York team.  
Fisher also pitched well, especially  
in the pinches, eleven visitors being  
left on the bases. Score:

today and St. Louis won 8 to 2. Sheehan  
was hit hard in four innnings and  
Eales, a southpaw, formerly of

James town, N. Y., was given trial  
and did good work. Pratt's hitting  
featured the game. He made two

**Washington.** 3; Cleveland, 2.

Washington, Sept. 13.—Three runs  
scored in the first inning were  
sufficient for Washington to defeat  
Cleveland today, 3 to 2.

The visitors scored in the fourth  
and filled the bases in the ninth with  
only one out, but Gallia resoled  
Boehling and ended the rally after  
Cleveland had scored one run.

Cleveland lost to Washington  
yesterday by a score of 3 to 2. The  
visitors threatened to win in the  
ninth when they filled the bases  
with only one out. Gallia replaced  
Boehling and stopped the rally after  
Cleveland had scored one run.

Philadelphia leaders in the Na-

tional league won from Pittsburgh  
yesterday after a battle which last-  
ed for thirteen innnings. The singles  
and two stolen bases put two runs  
over for Philadelphia and won the  
game 4 to 2.

Cincinnati beat New York in  
eleven innnings yesterday by a score  
of 6 to 5. The Reds made five runs  
in the eighth after two were out,  
but New York came back and tied  
the score in the ninth. Two singles  
and a sacrifice scored the winning  
run in the eleventh.

Brooklyn beat St. Louis Monday  
by a score of 6 to 3. Sallee used  
four pitchers in the effort to stop  
Newark but could not succeed.

If you are prepared to meet the emergency it never shows up.

**Luke McLuke Says:**

If father happens to have a whole dollar left for himself after he pays the rent and the other bills mother knows that he is going to spend it on riotous living, but she hopes that he will not meet any strange bards and take them to dinner.

You can always find somebody willing to invest in secondhand goods, so there may be some hope for the Chicago woman who brags that she has been married and divorced five times in the past five years.

When daughter goes to mother and breaks glad news that the young man she proposed and that she accepted him and that she is now engaged, daughter and mother will sit down and have a nice, long talk, and they will agree as to the size of the house daughter is to live in, and they will agree as to the color scheme of the dining room in the house that daughter is to live in, but they can't agree as to what the first baby will be named if the stork happens to pay a visit to the house that daughter is to live in.

A man can forget some of the commandments and still be a pretty fair citizen if he remembers the eleventh. The eleventh commandment is: "Mind your own business."

A woman is always greatly surprised to learn that her grown daughters are as old as they say they are.

If a ten-year-old boy doesn't have to be called ten times to go on an errand and has to be called more than once to come to his lunch, you had better take him to a doctor.

A woman is so inconsistent that she will join four peace societies and yet keep right on opening her husband's mail.

**AUTOMOBILES**

Guy Wilday of Meredosia rode to the city yesterday in his National car.

Chas. B. Joy and family made a trip yesterday from Joy Prairie to Jacksonville in their Cadillac car.

W. E. McCurley of the south part of the county visited the city yesterday, coming in his Oakland car.

Hon. A. P. Grout of Winchester brought his family to the city Sunday in his Packard car.

Elmer McCullough of Riggston made a trip to the city with his family yesterday in his Case car.

Mr. and Mrs. McFarland landed in the city Sunday in their Ford car and remained over till yesterday afternoon. They were on their way from Pittsburgh, Penn., to Tulsa, Okla. While in the city they made the acquaintance of Mr. and Mrs. John K. Long who showed them much courtesy, taking them out to Nichols park and about the city. Mr. McFarland is a civil engineer and is enjoying the first vacation he has had in eleven years and he was so much pleased with Jacksonville he said he wished he could find business so that he could live here. Mr. and Mrs. Long asked no questions but shrewdly suspected it was a driving tour that was being enjoyed.

John D. Palmer of Winchester made a trip to the city yesterday in his Hudson car.

C. N. Priest and family made a trip to Winchester Sunday in their Ford car.

Edward Frost and family of Winchester came up to the city Sunday in their Cadillac car.

Albert Leach of the west part of the county rode to the city yesterday in their Mitchell car.

Louis Peribix of Markham journeyed to the city yesterday in his Mitchell car.

Richard McCullough of Winchester made a trip to the city yesterday in his Cadillac car.

W. C. Hubstetter of Virginia made a trip to the city yesterday in his Cadillac car.

**Many Kinds of Rheumatism One Sure Mode of Treatment**

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbar or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledge gained by the research laboratories of the S. S. S. Co., in Atlanta. There tests have been made for fifty years. They know that Rheumatism is. They know that S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. If you need special advice, write to S. S. S. Co., Atlanta, Ga.

**HE FAILED TO DO THE WORK.**

Yesterday a peripatetic chimney sweep applied for a job of chimney and furnace cleaning and a well known citizen gave him a chance. The fellow went to the house, made some noise about the place, told the lady he had done the work and induced her to sign a card to that effect and this enabled him to get his money. Later investigation showed that the chap had done nothing at all to either chimney or furnace.

**THE CARE OF CHILDREN.**

Dr. C. C. Cochran has recently re-

turned from Chicago, where he visited his daughter, Miss Gladys, and also made a call at Hull House and was deeply impressed by the work done there. Especially he noted the department which cares for children while the mothers are away at work, while the mothers are away at work, there weak, emaciated from lack of proper and sufficient food, frequently anaemic and are left for the good people to care for and he says the results are often very gratifying, weak and sickly children becoming strong and healthy through the generous and intelligent treatment bestowed on them. The mothers too are taught better how to care for the little folks and thus a double purpose is accomplished.

Can be Avoided

You cannot afford to neglect the slightest kidney ailment—it's hazardous to do so. The poisonous waste material must be separated from the blood and if the kidneys become weakened this is impossible.

That means a poisoned system. That's why neglect means trouble—the ailment becomes chronic and results in rheumatism or Bright's Disease.

FOOTBALL PRACTICE  
ON AT HIGH SCHOOLPROSPECTS FOR FAST SQUAD  
THIS YEAR.

While Old Men Are Scarce New Ma-  
terial Looks Promising. Practice  
Being Held Daily at Duncan Park.  
Schedule Missing.

While enough football men of the high school, sufficient to make three teams are practicing daily at Duncan park, the high school athletic bosses are wondering who took the schedule made out last spring for the coming season, including all the correspondence. The missing papers have caused no little inconvenience and "dastardly" has been the term used in describing the act of the party who made a clean sweep of the records. This much is remembered that Jacksonville has two games scheduled with Quincy, two with Peoria Central and one with Springfield to be played there. A special effort will be made to have a Thanksgiving day game with Springfield as the opponent.

Greenfield has asked for two games and other towns who want to play Jacksonville are East St. Louis, University High at Normal, Normal High, White Hall and Taylorville.

The only old men of the team back are Frank Herring, tackle and Howard Reynolds half back. The enthusiasm among the new men augurs much toward the success of the coming season.

W. H. P. Huber is athletic director and his knowledge of football is certainly wide. Dale Boxell is his assistant and Prof. T. P. Carter is athletic manager. Each afternoon from 3:45 till 5 o'clock, a squad of thirty men can be seen chasing the pig skin at Duncan park. Athletics have been put on a standard basis at the J. H. S. While it is early to predict there appears to be some good material in the green timber. Arthur King looms up as a second Kilbore. Some of the men trying for positions are as follows:

Halves: Robert Priest, Howard Reynolds, Russell Arter, Frank Herring and Homer Reynolds.

Full back: Arthur King, Frank Herring.

Quarter back: Homer Reynolds, Alvin Molohon, Lafount Andrews, Center: Carl Fitch, William Miller, Leonard Potter, Roy Sorrells.

Guards—Paul Scott, Claud Cully, David Smith, Earl Priest, Roy Sorrells.

Tackles: Frank Herring, Russell Arter, Alvin Molohon, Mack Ramey and John Flirke.

Ends: Lafount Andrews, Homer Reynolds, Mack Ramey, H. Ferguson and Glidden Reeves.

SEPTEMBER TERM COUNTY  
COURT SOON TO CONVENE

Jury Cases Will Go Over to Monday  
the 27th—Most Trials Will Be  
Violation of Liquor Law.

The September term of the county court is to convene Monday, September 20 with Judge Thomson presiding. Since jurors have been notified not to appear until Monday, Sept. 27, it is likely that there will only be a few docket entries on the first day of court.

The docket is very heavy on the criminal side this time on account of the numerous arrests made for selling liquor in local option territory. The law cases are few indeed. W. E. Boston has an assumption suit against James and Gertrude Lynn, as does the Studebaker corporation against W. H. Cocking.

In the calendar of peoples' cases is the suit against W. O. Sevier who is charged with selling mortgaged property.

The following are charged with selling liquor in local option territory: John Dunn, W. E. Peters, Chris Railey, Jesse Ratcliffe, Myrtle Allen, Sallie Rice, John Konrad, Walter and Kate Haxton, John Miller, Edward Ratliff, Ella Reavis, Edward Konrad, Frank Cox, May Fernandes, Herman Allen, Myrtle Allen, Earl Hardy, James Kasson, Jacob Stoker, Clinton Jackson, James, alias Taddies Hennessy. In several instances more than one information has been filed.

The following are the jurors for the term:

Jacksonville—William Boland, Frank Kiloran, Luther Lashmet, Lee Weigand, W. T. Reaugh, F. M. Williams, M. H. Havenhill, D. L. Barton, J. K. Hastings, Jay Rodgers, E. B. Wiswell, H. L. Purcell, George Day, Sr., Dan Baham, Jr., Alexander—William Kloppen, Joe Wagner.

OILED ROADS TO THE CEMETERIES  
PLANNED FOR COMING SEASON

Suggestion Made by Mayor Rodgers at Council Session Monday—Re-Ref in Sight For East College Avenue Residents—East State Street People Complain of Car Service.

At the meeting of the city council Monday morning William Newman entered a complaint on behalf of residents of East State street east of the railroad because the railway company does not operate a car there. At the time of the chautauqua this service was discontinued so that the car could be used on the South Main street line and has never been reinstated. Mayor Rodgers made a number of recommendations and informal reports were received from all departments.

After the transaction of routine business, Mayor Rodgers stated that it was not yet certain what action the McKinley syndicate would take with reference to the South Main street paving. He said that they might take an appeal by writ of error at any time within three years and that there were also other ways of affecting an appeal. The mayor said that he had suggested to the local superintendent of the company that it would be better for the company not to appeal as a matter of policy because opposition to public improvements on the part of the company might tend to prejudice the people against the company in any future matters that might come up.

The mayor said that he voiced the sentiment of the council in stating that the city would go ahead with the paving and that it was just as well to find out whether the city or the railway company had control of the city streets.

Mayor Rodgers referred to the fact that at the time of heavy rains the water collects in the East College avenue subway to such a depth that residents on College avenue east of the tracks cannot reach their homes except by going to East State street and reaching College avenue by way of Spaulding street, which occasions a great deal of inconvenience. He suggested that the Letton alley, which is about one hundred yards east of the railroad track, be graded from East State street to College avenue in such a way that the water will be carried on the east side and that a plank walk be constructed on the west side. The commissioners were of the opinion that it would be better to build a narrow concrete walk, and on motion of Commissioners Martin and Widmayer this was ordered.

Mayor Rodgers then brought to attention the matter of oiling the roadway from the end of the pavement on Diamond street south to Greenwood avenue, thence west to the Catholic and Diamond Grove cemeteries. He suggested the same plan from the end of the pavement on Howe street to the entrance to Jacksonville cemetery and thought that all this work should be done before winter weather sets in so that the roads will be in good condition leading out to the cemeteries all through the winter. It is proposed to raise most of the fund by private subscription, and the whole cost will not be great.

Mr. Martin reported that the automatic heating system for the steam engine at the fire department had been completed, by reason of which arrangement steam is secured from a boiler at the light plant and a saving in fuel is effected in the fire department in addition to the convenience of the new arrangement.

Mr. Vasconcellos reported that valve boxes are being installed on South Main street in preparation for the pavement. He spoke of frequent troubles with plumbers because of a violation of certain provisions in making connections and expressed the belief that the ordinance which provides for the establishment of a plumbing board should be carried into effect. This ordinance provides for a board consisting of a master plumber, a journeyman plumber and the city health warden, who serves as chairman. Mayor Rodgers said he would talk to the city attorney about the matter and give it further consideration. It is understood that there is a state law which requires the appointment of such a board, whose business it is to inspect all plumbing whether on the streets or on the interior of buildings.

Mr. Martin asked the authority of the council to construct a private telephone line from Central park to police headquarters, and favorable action was taken. The wire is on hand and the only expense will be the boxes at each end of the line. Mayor Rodgers brought to attention complaints because the carcasses of dead animals are hauled through the streets and constitute a nuisance. He said this business was one to be commended as it turned waste into some profit, but there should be some regulation. He thought that certain hours or routes might be agreed upon for the hauling of dead animals and Mr. Martin said he would take the matter up at once.

In a number of cities requirement is made that dead animals be hauled in an airtight specially constructed vehicle. Mr. Widmayer had nothing special from his department. On his motion approved bills were ordered paid when funds are available. The council then adjourned.

#### REV. F. B. MADDEN NEW GRACE PASTOR

DR. J. W. MILLER TRANSFERRED TO HOPESTON CHARGE.

Action of Illinois Conference Brings to City Former Superintendent of the Champaign District—Rev. W. A. Boyd Goes to Fithian and Rev. H. F. Cusick to Pawnee—Rev. H. A. Sherman and C. H. Davis New Circuit Preachers.

Doubtless many Jacksonville people will be surprised at the transfer of Dr. J. W. Miller from Grace church to Hooperston. Dr. Miller has had a great pastorate in Grace church, and leaves its affairs in fine shape. He has been here for four years, and has won a large place in the life of Jacksonville by his efficient labors, high order of preaching and faithful pastoral work.

Jacksonville people have greatly appreciated Dr. Miller's family, and their going from the community will be a decided loss. Mrs. Miller has been a most efficient and tireless church worker. Doubtless Grace church never had a more energetic and devoted minister's wife. Dr. and Mrs. Miller will find a warm welcome in their new home.

Hooperston is a thriving and growing city in the eastern part of the state. The fine church there greatly desires to make a forward movement, and requested a strong man who could lead them in it. It takes something of heroism to undertake a task like this, but the Hooperston church will find their leader in Dr. Miller and Jacksonville people will wish him the largest success.

Dr. Miller has been greatly interested in the Woman's College and other public enterprises since coming here, so his influence has reached far beyond Grace church.

Rev. W. W. Theobald was returned to Brooklyn church and Rev. George W. Flagg to Centenary church. Both pastors have enjoyed a very successful year's work.

New Pastor Well Known.

Rev. F. B. Madden, the new pastor of Grace church, comes to his new charge from Champaign, where for the past six years he has been superintendent of the Champaign district. In this position he has made a phenomenal record, bringing the Champaign district up to the front rank of districts in the conference. He is said to be the best cabinet officer in the conference, and an administrator of unusual insight and ability. He is a strong preacher, and an indefatigable worker. He possesses the qualities especially demanded by this large church.

Dr. Madden has a fine family four grown daughters and one son. They will be welcomed by Jacksonville people.

Dr. Madden has had much to do with the development of religious work among Methodist students at the university of Illinois and organizing the Wesley Foundation there.

Given Purse of Gold.

After reading his report at the conference he was presented with a purse of gold by his preachers, in a most tender affectionate address by one of the number, expressing their appreciation of his work and regret at his leaving the district.

The new pastor of Grace church will find a large place in the community life created by his predecessors.

Circuit Preachers Change.

The two circuit preachers will also remove to other fields. Rev. W. A. Boyd will go to Fithian in the Champaign district, where a new parsonage awaits him, and his estimable wife, Rev. and Mrs. Boyd were attracted to Jacksonville by its schools, to educate their son Harold whose tragic death is still fresh in our minds.

Rev. H. F. Cusick will go to Pawnee in the Springfield district. Rev. M. Cusick has been here for three years and is widely known in and around the city.

Rev. H. A. Sherman who comes to the West Jacksonville circuit has been pastor at Tolono. He came to Illinois from the East Maine conference. Rev. and Mrs. Sherman have no children. A Saxon auto will add to the efficiency of his circuit work.

Rev. C. H. Davis who will have charge of the Jacksonville circuit, comes from Bondville. He has a fine record of successful work in this conference, and will be a distinct addition to the ministerial force of the community.

FROM DETROIT, MICH., TO JACKSONVILLE ON HIGH GEAR IN EIGHT CYLINDER CADILLAC.

Mr. and Mrs. Oscar Reutske of White Hall and Mr. and Mrs. S. W. Babb arrived home yesterday from Detroit in the eight cylinder Cadillac purchased by Mr. Reutske. The car was never shifted from high gear for any hill from Detroit to Jacksonville.
